Irrigated Acreage - Acreage that is irrigated and used for commercial purposes. Do not include acreage that is covered under a different Regional Board regulatory program (e.g. Dairy General Order). When calculating and reporting irrigated acreage, you may exclude non-irrigated portions of your total parcel acreage. Non-irrigated portions typically include farm roads, county easements, ponds, streams, residential areas, or shop areas.

Operators - Includes lessees, tenant farmers, operating entities, and relatives or other individuals farming on behalf of the owner. If listed, the Operator will be contacted to access the property should the need arise.

Under the new General Order, all Members must notify responsible parties (i.e non-Member landowners or lessees) of their enrollment in the Coalition and inform them of the requirements of the General Order. Please do so and check the box below. [    ] I certify that I have provided notice to the landowner/lessee of my enrollment in the Coalition and of the requirements of the new General Order.
